

ARE YOU READY
TO IMAGINE
THE FUTURE?

THE ZUBAIR CORPORATION

MUSCAT TRADING COMPANY

TBWA ZEEBAH

What will the future be like 5 years from now? 10 years? 50 years? And how do visions of that future reflect and respond to the world we live in now?

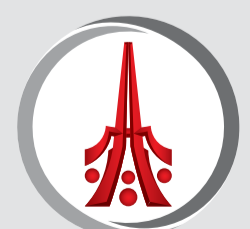

It is this habit of asking questions that has accelerated the transformation of The Zubair Corporation from a small enterprise in 1967 to one of the leading business conglomerates in the region.

We maintain our competitive edge by offering customers the widest possible array of quality products through the most convenient distribution channels. We play a major role in building a modern and progressive Oman.

In our search for new goals and in our journey towards the future, we will continue to pursue the same path, share the same vision and seek the answers by asking the right questions.

Walk hand in hand. Go forward together.
